

At Key Stage 2...

Most of you have studied a language at primary school but for some of you this is new. If you studied a language at primary school, you would have learned to: **communicate ideas, facts and feelings through talking and writing.**

- You have been taught to **listen to the language** and show understanding by joining in;
- **explore the patterns and sounds of language** through songs and rhymes
- join in with conversations where you asked and answered questions giving your opinions.
- You have also started to look at developing **accurate pronunciation** of words.
- You may have started to write, using the language.

However, do not worry if you have not studied a language before.
