

How does this unit link to prior learning?

This is the start of the preparation for the synoptic assignment and exam series, starting with a mock assignment of our choice. You will use your knowledge and prior learning to create notes to plan your coursework. You will then create a research document on the given era. You will apply the knowledge of eras and hair, makeup and nails trends and how technological advancement have shaped the hair and beauty industry. We will assess this before the actual NEA coursework set by City & Guilds and give guidance on how to improve

What will you be learning about?

You will use your prior knowledge and learning to plan and create a research project based on an era chosen by City & Guilds In Jan 26. You will have 3 tasks, one will be research based, one will be practical assessment of skills and techniques learned, and one will be about design and promotional materials, these will all link together. You will have 4 weeks to plan and create notes to help you. You will have 13 hours in total to create all 3 tasks.

## **Experience**

You will gain an understanding of how salons work through your practical lessons, In Yr11 we invite teachers and staff to have their hair, make up and nails done.

They will have the opportunity to become Hair Ambassadors and inspire and teach the younger years in Hair Lunch Club and help at the concerts working with our drama department.

This is something they can add on their CV and gives them some experience in real salon situations.

## **Homework**

The students will be set revision homework, They will need to create a variety of revision resources to help them with the final exams. They will have access to all teaching material, past papers and topic tests on Teams channel. Extra intervention classes will be available after school on a Tuesday.

## **Beyond Lode Heath**

You will gain an understanding of how organisations identify customers and use design images and materials to advertise to them. If they pursue a career in H&B they can apply their skills and knowledge to launch a new business or product/service range
